

WHY FAMILIES CHOOSE ESSY

Our Experienced team of clinicians allow for multiple disciplines as need arises. Even if you only have a home health aide service, a nurse is assigned to monitor your case just in case more specialized care is needed.

Our Flexible scheduling allows us to provide care at the time that is convenient for our patients and their families.

Our Background checked professional caregivers give you a peace of mind for you and/or loved one.

Our Experienced Case Managers are only a phone call away to discuss your healthcare options as need arises. We help you find local resources, some of which may be offered free of charge. As your homecare agency, we are your advocate, working hard to find the best resources that you are entitled to.

Our Mission is to provide comprehensive, high quality homecare services to our clients by creating strong partnerships with their families, case managers, discharge planners and physicians. We believe in creating a team of caring professionals whose goal is the care and support of our clients.

ABOUT OUR COMPANY

Essy Homecare & Nursing Services is a nationally accredited and certified homecare and staffing agency, serving nursing homes, hospitals, hospice care facilities, assisted living and residential homes in Massachusetts. Our company has explored in detail the necessity of continued care of individuals at their respective homes and has determined that this has provided and augmented their lives. Our staff provides care in healthcare facilities, and at home as needed.

Our experienced and dependable caregivers provide our clients with care and assistance to help make their lives and to retain their independence. We guarantee our client's family with a piece of mind that their loved ones are safe. If needed, we also deliver services to individuals who may reside in nursing homes or assisted living facilities.

At Essy Homecare, we understand each family's needs are unique and that is why we customize our services according to the needs and budgets of our clients. We offer a wide range of service and scheduling options to cover the needs of any family.

We put a lot of effort in recruiting, training and retaining the best professionals in the industry because we understand the importance of having competent personnel. We invest a lot of time and resources to ensure that our employees are equipped and empowered to deliver the best care. We recognize education as a key part of our employees' professional as well as personal development. We offer training, mentoring and other educational opportunities to keep our employees well versed on the latest trends in the industry.

OUR PHILOSOPHY

Essy Homecare & Nursing Services is dedicated to the provision of quality health care and living accommodations for its clients, and to accomplishing its mission by:

- Responding to the needs of clients, healthy and ill;
- Providing excellent care through multiple disciplines of service;
- Providing an environment that enhances each client's awareness of his or her medical condition, treatment and prognosis, dignity, comfort, and peace of mind;
- Ensuring that services are provided in a professional and timely manner;
- Keeping our clients safe, secure and informed for optimal independence and outcomes.

Essy Homecare & Nursing Services employees shall act in accordance with the following goals:

- To serve the needs of clients in health and illness in a committed and caring manner;
- To further a commitment to integrity, quality, excellence, and continuous improvement in all areas of service to clients.

OUR SERVICES

Skilled Nursing Care

Skilled nursing services are provided by specially trained registered nurses and licensed practical nurses that begin all cases with an assessment to obtain information to establish a plan of care. The services are prescribed by a doctor on an intermittent basis and include such things as dressing changes, teaching and administration of medications, intravenous therapy, catheter care, diabetic care, wound care, and teaching the family how to care for the patient in the home.

Our skilled nursing services include:

- Registered Nurses (RNs)
- Licensed Practical Nurses (LPNs)

Rehabilitation Services

Rehabilitation services include physical therapy, occupational therapy, and speech therapy. They are provided on an intermittent basis in the home as needed for patients who have functional limitations or sensory deficits.

Our therapy services include:

- Physical Therapy
- Occupational Therapy
- Speech Therapy

Social Services

The social services staff provides social casework services to clients as needed to augment other services of the agency. Services include the evaluation of social functioning, particularly as it relates to medical problems, and initiation and follow-up of referrals to other community resources as applicable.

OUR STAFF

Our clinicians are well-trained and experienced in their respective areas. They undergo extensive background and reference check prior to hiring. In addition, we conduct regular background checks throughout their employment period. Our employees are always under supervision and subject to scheduled and unscheduled on-site inspection.

We encourage and challenge our employees to pursue continuous education above and beyond what is required by the licensing boards.

MAKING A REFERRAL

Service at Essy Homecare starts with a free consultation with a nurse or case manager. This may be done over the phone or in person. Typically this is done at the patient's house with the patient and caregiver present. This consultation will establish the level of care needed and available resources. Following this consultation, a care plan that is agreeable to both parties is created. This becomes the basis of all visits done by our caregivers in all subsequent visits. This plan will be modified as needed to address changes in patient condition or resources.

A client maybe referred to homecare by their physician, hospitals, nursing homes, insurance companies, care givers, family, friends as well as self referral.

Please contact us at (978) 735-2745. You can also fax it to (978) 735-2747 or email us at info@essyhomecare.com. Accepted referrals are admitted to our services 7 days a week.
